

Announcement:

Local Bridges on the Federal-aid System

Selection of Bridges Eligible for Funding

April 25, 2013

Referring to Section V.C. of the Local Bridge Selection Policy

<http://www.transportation.nebraska.gov/gov-aff/pdfs-docs/bridge/bridge-sel-policy-current.pdf> , local bridges on the Federal-aid system ("on-system") listed below meet Section VI qualifying criteria and rank the highest according to Section VII ranking criteria.

As per the provisions of Section III, Funding Responsibilities, the Director State Engineer has determined that NDOR will make \$2 million per year available for on-system bridge projects over four years. In order to make those funds available, NDOR will purchase \$2.5 million per year of Federal funds to be applied to state highway projects.

Based on proposed bridge costs the local on-system bridges listed below appear to fit within the available funding. The list is not ordered according to priority.

<u>Bridge ID</u>	<u>Bridge Owner</u>
M0105F5605	ASHLAND
C000901705P	BROWN COUNTY
U182522840	OMAHA
M034006910	BRISTOW
C000500605P	BLAINE COUNTY
C008711620	THURSTON COUNTY

NDOR will contact the owners of the above bridges in order to assist the LPA in the application and programming of these projects. After the projects are programmed NDOR and the LPA will enter into an agreement that will define the funding levels and schedule. The funding levels and schedule will be developed according to more refined cost estimates and available cash flow.
